Virgin Island, Maldives

Lionel Messi We are having a great time in Maldives. The island is extremely beautiful. What I like most about it is the island is compact and isolated. The weather is perfect! It isn't humid or dry. It's hot and sunny. We're doing many things here. In the picture, Anto is sunbathing and relaxing and my children and I are swimming in the resort's pool. Right now, we are sailing on the sea and taking pictures of the breathtaking landscape. We aren't going snorkelling because the water is cold.
