

Lyrics Worksheet

Listen to the song and cross out the **SEVEN** extra words in the lyrics:

LAY YOUR HEAD ON ME - MAJOR LAZER FEAT. MARCUS MUMFORD

[Verse 1]:

When you're very numb to the touch
You cannot chase this ghost away
And this too shall pass, this too shall pass
It won't always be the same person

[Pre-Chorus]:

And every single choice that you make
Is a stone in the path to this great place
And every single cut that you claim
Has led you this way

[Pre-Chorus]:

And every single scar that you claim
Is a stone in the path to this great place
And every single choice that you make
Has led you this way so now lay your head on
me

Repeat [Chorus]

[Chorus]:

Lay your head on me
Lay your head on me
Lay your head on me
Don't be afraid love

[Bridge]:

I said it's okay it's alright
Someday we will be just fine
Staring down the long night
Waiting for the sunrise
It's alright it's okay
I've been there in your special place
It's okay it's alright

Repeat [Chorus]

[Verse 2]:

And I can see it in your eyes, love
And your secret is not safe with me
You can spin all through the night with your
powdered mind
But don't cover up your scars for me

Just lay your head on me (It's okay it's alright)
Lay your head on me (It's okay it's alright)
Lay your head on me (It's okay it's alright)
Lay your head on me (It's okay it's alright)
Don't be afraid love
