RAFFORD'S FAMILY DAILY ROUTINE

Read the text below.

A Busy Day

Sue and Radford have a big family with seventeen children and two granddaughters. They are always well-organized. Every school day, the children wake up early for breakfast at 6:45 a.m. Noel, who works in a bakery, wakes up even earlier at 4:45 a.m. He comes home during his break to take the children to school in their minibus.

Sue works at home while her older daughter studies and sometimes helps with housework. The younger children spend their free time playing video games or watching TV with their siblings. Sue does not watch much TV. The Radfords don't often go to restaurants or the cinema because it is expensive. The younger children usually go to bed at 7 p.m., the older ones at 8 p.m. or 9 p.m., and the parents go to bed just before 10 p.m.

The Radfords have a big family because they love children! Life in their house is sometimes challenging, often noisy, but usually fun.
