

The background is a dark blue underwater scene. At the top, two red jellyfish with long tentacles float. In the center, two large green sea turtles swim towards the left. Below them, two purple seahorses with pink bellies are positioned. The bottom of the image features a variety of coral, including green leafy plants, purple branching corals, and two smiling yellow starfish. Small orange and black striped fish are also visible near the coral. Bubbles of different sizes are scattered throughout the water.
