You can tell by the .....

She walks that she's my girl

You can tell by the .....

She ..... she woos the world

You can ..... in her eyes

That no one is her change

She's my girl, my supergirl

And then she'd ..... it's OK
I got ..... on the way
But I'm a super girl
And super girls don't .....
And then she'd say it's alright
I got home .....last night
But I'm a super girl
And super girls just .....

And then she'd say

That .....can go wrong

When you're in love

What .....be wrong?

And then she'd laugh

The night .....into day

Pushing her fear further alone

And then she'd shout

Down the line

Tell me she's got no more .....

And then she'd ..... in my face

Tell me to leave, leave this .....

She's sowing seeds, she's..... trees

She's sowing seeds, she's .....streams
