AKTIVITI PERBINCANGAN

Isu sosiosaintifik dalam sektor pengurusan sisa dan air sisa
Socio-scientific issues in the waste and wastewater management sector

STM
Kontekstual

Buku teks m/s 60 – 61

- 1 Kaji rajah yang diberikan tentang isu sosiosaintifik dalam sektor pengurusan sisa dan air sisa. Kemudian, cadangkan **Teknologi Hijau** yang boleh menyelesaikan masalah tersebut. **TP2**
Study the given diagram about the socio-scientific issues in the waste and wastewater management sector. Then, suggest **Green Technology** than can solve the problems.

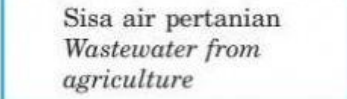

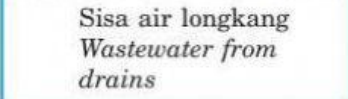

(a) Isu sisa pepejal/Solid waste issues

		Penyelesaian Solution Teknologi Hijau Green Technology _____ _____ _____ _____  Baja kompos/Compost fertiliser
Sisa kertas Paper waste	Barangan elektronik Electronic items	
Sisa makanan Food waste	Sisa plastik Plastic waste	

BAB
4

(b) Isu air sisa/Wastewater issues

		menyebabkan cause _____ _____ _____ Penyelesaian Solution Teknologi Hijau Green Technology _____ _____
Sisa air Wastewater	Sisa air domestik Domestic wastewater	
		
Sisa air pertanian Wastewater from agriculture	Sisa air longkang Wastewater from drains
