Inventions

If you invented something important, (1) would want to make money out of (2), right? Most of us would want to make some money from (3) invention. It seems only fair – we did the work, so the money should be (4) too. Many inventors who have had (5) inventions produced, have become rich and famous and we shouldn't blame (6) for that.

But have (7) heard of Tim Berners-Lee? (8) invented the World Wide Web on the Internet, one of the most important inventions of the last fifty years. Millions of lives have been changed by (9) introduction.

When Tim Berners-Lee invented the Web, he made a promise to (10) – that he wouldn't make any money out of it, and that he would give (11) invention to the world. He did, and now the Web belongs to all of (12)

Ask (13) what life would be like if the World Wide Web wasn't free. We should be grateful to Tim Berners-Lee, and thank (14) for (15) amazing gift to the world.
