Sports Day!

Hi! My name's Flash. I'd like to tell you about Sports Day. It was at my school last Saturday in May. There weren't any lessons. We were on the sports field all day. There were lots of children and lots of parents at the school. It was a hot day and we were happy. There were lots of races and there were some prizes for winners.

I was very fast in my race and I was the first. My mum took some photos of me and my prize. It was exciting. There was a chess competition for the parents. My dad took part in it. It was difficult so he didn't win.

In the afternoon we played tennis, basketball and football. My friends scored five goals and won the match. In the evening we danced and ate some delicious food. It was great. I loved Sports Day! It was the best day of last week!

II. Read again and choose a tick (v) or a cross (x).

1. This text is about Flash and his Sports Day.
2. Flash's mother took some photos of her child.
3. Flash's father won the chess competition.
