1. Drag the recipe's steps into the correct order

Jamie's meatball

- Add oregano, thyme, rosemary to the meatballs. Oregano goes very well with meat.
- First boil some water. Take about two portions of spaghetti and drop in in the water.
- For the tomato sauce, you will need some tins of tomatoes.
- Pour some olive oil into the pan and then pinch and pull out the meat from the sausages then chop it into pieces.Put the pieces into the pan.
- Slice up some cloves of garlic.Then chop up some basil. Fry all these in a pan and pour in juice from the tomatoes.You can then heat this sauce.
- When the pasta is ready, mix it with the meat and serve with the tomato sauce.
- You will need some sausages to make the meatballs.

2. Complete the text with the missing words. Drag and drop
