I live in a small town which hasn't got a shopping centre. There are some small shops in the high street, like a baker's or a butcher's. There's also a small supermarket near my home. But, when we need to do a 'big shop', me and my parents usually go to the city about 20 km away. Tommy

There's a new shopping centre in my town. The opening day was last Friday, and I was there with my family. There were a lot of attractions and special offers in the shops. So, now I've got a new laptop. Nice, isn't it? Eric

My parents often work late, so I usually need to do some shopping during the week. I buy some food like bread, meat or pasta. Most of the shops are near my home, so I don't spend a lot of time shopping. Alicia

I often go to the shopping centre with my friends at weekends. We try on clothes, or we sit and talk in the cafeteria. Sometimes, we go to the cinema there. I think it's a nice place to hang out with friends. Chrissy
