A. increase                      B. decrease                      C. minimize                      D. make less

**D. READING**

**Read the passage and choose the correct answer for each question.**

**PRACTICE MAKES PERFECT - ZAGEN**

More than two hundred years ago, the term “**Environmental pollution**” was very strange to people. They lived healthily, drank pure water, and breathed fresh air. Nowadays the situation is quite different. People all over the world are worried about things that are happening to the environment. Actually it is man that is destroying the surroundings with many kinds of wastes. Everybody knows that motorbikes and cars emit dangerous gases that cause poisonous air and cancer, but no one wants to travel on foot or by bicycle. Manufacturers know that wastes from factories make water and soil polluted, but they do not want to spend a lot of their money on treating the wastes safely. Scattering garbage is bad for our health, but no one wants to spend time burying it. Is it worth talking a lot about pollution?

39. What was strange to people more than two hundred years ago?

- |                |                            |
|----------------|----------------------------|
| A. Environment | B. Environmental pollution |
| C. Pure water  | D. Fresh air               |

40. How did people live in the past?

- |                          |                            |
|--------------------------|----------------------------|
| A. They lived healthily  | B. They breathed fresh air |
| C. They drank pure water | D. All of these            |

41. Who is destroying the surroundings nowadays?

- |                           |                              |
|---------------------------|------------------------------|
| A. The environment itself | B. People from other planets |
| C. It is man              | D. Animals                   |

42. Is scattering garbage good or bad for our health?

- |               |                 |               |              |
|---------------|-----------------|---------------|--------------|
| A. Yes, it is | B. No, it isn't | C. It is good | D. It is bad |
|---------------|-----------------|---------------|--------------|

43. Which of the followings is not true?

- A. in former days, people led a healthy life.
- B. People have no awareness of the dangerous of pollution
- C. Water is now heavily contaminated by industrial waste
- D. It's harmful for our health if rubbish is spreaded over our areas
