TASK 3

I have a favorite idol named Jeong Jaehyun. He is a member of a Korean boy group named NCT. He was born on February 14th, 1997 and now he is 23 years old. He is 183 cm tall. He has very white skin which makes him called 'Casper'. According to some sources, he has an ideal body proportion. His legs are long. He also has broad shoulders. His hair looks very soft and his eyebrows are thick. He also has pointed nose. One charming point that everybody would notice is his dimple. He has very deep dimples on his chubby cheeks and they are clearly visible when he smiles.

Despite having several nicknames, most of his fans often call him 'peach' because of his rosy cheeks. He is also called 'bread'. This is because he often makes a facial expression which makes him look like a bread. He also has a lot of talents. He can sing, rap, and dance well. He is also good at sports and playing musical instruments such as piano.
