WRITING

- 1** Read the article and choose the correct expression of purpose.

This month the eco-group Friends of the Environment are organizing a park cleanup. Their aim is **to/for** get more people involved in taking care of the local community. Our park is loved **by** everyone in the area and is used **for/so that** recreational activities and relaxing, but it won't be such a lovely place to go if we don't keep it clean. They organize different events every month, **so that** people can help improve their neighbourhoods. They have also designed posters **to/in order** inform people how littering threatens wildlife and set up 'stop litter' campaigns **so that/in order to** encourage people to think twice about throwing rubbish on the ground. You can help too! Join Friends of the Environment on their park cleanup **so as not to/to** be part of the problem, but part of the solution.

S

- 2** Write an article for a local newspaper giving tips to readers about how to help the environment in 125–150 words. Include the following:

- ideas about how people can be eco-friendly
- how people can get involved with or organize different schemes and events to help the environment
- who and what these schemes involve
- some expressions of purpose

[illegible]
