

Some aspects to take into account at home to save

Select the tips below that help save water/electricity at home:

Turn off the tap while I brush my teeth.

Leave the faucet open while I soap the dishes.

Turn off electrical appliances if I am not using them.

Leave the bathroom light on so I don't turn it on when I get up.

Turn on the ceramic hob when I am going to heat the food.

Turn on the microwave so that it is hot when I put food in for lunch.
