

**Listen the audio and then complete the text with the missing words**

**Global warming** is the \_\_\_\_\_ in the world today. Everyone know about it but not everyone is trying to \_\_\_\_\_. Many world leaders are more interested in blaming other \_\_\_\_\_ the crisis. Countries like China, India and Russia say they will not act unless America takes more action. America says it will not act until other countries \_\_\_\_\_. It seems a little childish that leaders are acting in this way. \_\_\_\_\_ of our world is at risk and governments can only argue with each other. Many presidents and prime ministers tell us that \_\_\_\_\_ the answer. They say future scientists will find solutions to save \_\_\_\_\_. This is a big gamble. I hope they are right. I don't believe them, so I'll continue switching off lights \_\_\_\_\_.

**technology is**

**and recycling**

**biggest problem**

**stop it**

**the planet**

**take more action**

**countries for**

**the future**
