

Add

Add together the numbers written below. Write your answers in the circles in words.

Example:

$$\text{four} \quad \text{plus} \quad \text{three} \quad = \quad \text{seven}$$

$$\text{six} \quad \text{plus} \quad \text{two} \quad = \quad \text{}$$

$$\text{three} \quad \text{plus} \quad \text{seven} \quad = \quad \text{}$$

$$\text{one} \quad \text{plus} \quad \text{eight} \quad = \quad \text{}$$

$$\text{five} \quad \text{plus} \quad \text{three} \quad = \quad \text{}$$

$$\text{nine} \quad \text{plus} \quad \text{zero} \quad = \quad \text{}$$

$$\text{four} \quad \text{plus} \quad \text{six} \quad = \quad \text{}$$

Add

Find the missing numbers. Each line should add up to 10.

Example:

$$1 + 9 = 10$$

$$2 + \dots = 10$$

$$3 + \dots = 10$$

$$4 + \dots = 10$$

$$5 + \dots = 10$$

$$6 + \dots = 10$$

$$7 + \dots = 10$$

$$8 + \dots = 10$$

$$9 + \dots = 10$$

$$0 + \dots = 10$$
