

Indica uniendo con una flecha cada punto de color con el lugar al que se pueden llevar los RAEE dependiendo de quien seas en cada caso.

The diagram illustrates the sorting of Waste Electrical and Electronic Equipment (RAEE) based on the user's role. It features five main elements, each with a colored dot for identification:

- Comercio** (Red dot): Represented by an illustration of a shop with a sign that says "SHOP".
- Usuario profesional** (Green dot): Represented by an illustration of a factory with smoke coming from its chimneys.
- Punto limpio** (Purple dot): Represented by an illustration of three recycling bins (green, blue, and red).
- Usuario** (Blue dot): Represented by an illustration of a man's face.
- Centro de tratamiento** (Yellow dot): Represented by a photograph of an industrial facility with large storage tanks and machinery.
