

HURLING

Hi, my name is Donnacha, I'm 8 years old and I live in Ireland. In my country we love HURLING because it's very fun and we invented it.

We need the HURLEY (stick), SILOTAR (ball) and wear a HELMET. Teams have 15 players. We play on a green rectangular field with H-shaped goals in 60-minute matches.

To win, we have to put the ball inside the goal.
We can run with the ball in the hurley.
We can take only 3 steps with the ball in the hand.
The team with the most points wins.

Hurling is also played in other countries like USA, New Zealand or Argentina.
