MATH FOR ENGLISH 2 – Term 2
Time: 25 minutes

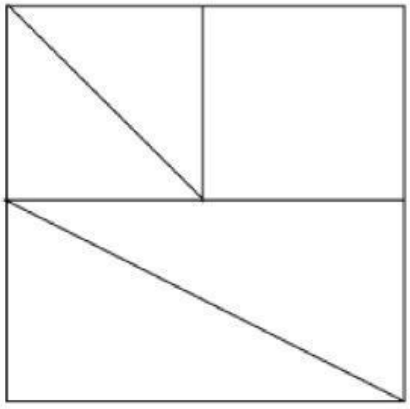

1 **Match.**

6 - 5	10 - 4	7 + 2	9 - 4	0 + 7
six	nine	one	seven	five

2 **Read and circle.**

triangle 	rectangle 	oval 
square 	star 	diamond 

3 **Study the pattern and answer the questions.**

1. How many triangles are there?
   There are ..... triangles.
2. How many squares are there?
   There are ..... squares.
3. How many ovals are there?
   There is ..... oval.
4. How many rectangles are there?
   There are ..... rectangles

4 **Arrange the group of stars from the least to the greatest.**

LIVEWORKSHEETS

5 Answer the questions.

1. 

There are …… …… mice than monkeys.

A. four fewer **B**. four more **C**. three fewer

---

2. 

There are …… …… circles than squares.

A. five fewer **B**. five more **C**. six fewer

---

3. Five plus two equals ……

A. seven **B**. five **C**. three

---

4. Circle the group has ***the least*** number of pencils. Circle.

---

5. The number of ducks is …… the number of cats.

A. greater than **B**. less than **C**. equal to

---

6. Which number is ***after*** 4?

B. 3 **B**. 4 **C**. 5

6 Solve math story problems.

1. Lucy has 6 cakes. Ann has 2 cakes. How many cakes do Lucy and Ann have ***in all***?

					cakes

Lucy and Ann have …… cakes.

2. There are 10 pots and 7 mops. ***How many fewer*** mops are there than pots?

There are …… fewer mops than pots.
