Hear me speak what's on my [ ]
Let me give this testimony
[ ] that you will find
That you are my one and only

No exception to this rule
I'm simple but I'm no [ ]
I've got a witness happy to say
Every hour, every day

Every heartbeat bears your name
Loud and [ ] they stake my claim
My red blood runs true blue
And every heartbeat [ ] to you

Classic [ ] of boy meets girl
Moving in the same direction
You're not asking for the world
I'm not asking for perfection

Just a love that's well- [ ]
For passing the test of time
I'm here to tell you
I'm here to stay
Every hour, every day
