School: Mercedes la Ceiba Education Complex **Student's Name** _____

Date _____ **Score** _____

Objective:

- Students will formulate clear, concise, and professional responses to interview questions.
- Students will improve their speaking skill related to pair communication.
- Students will showcase their understanding of Public Relations principles and strategies through their answers.

1- Read the provided scenario carefully. Identify key details about the company, job role, and interview context. This will help you prepare thoughtful responses.

Job Interview for a Public Relations Specialist

- You are applying for the position of Public Relations Specialist at GreenEarth Inc., a leading manufacturer of eco-friendly cleaning products. GreenEarth is known for its commitment to sustainability and environmental responsibility.
- As a Public Relations Specialist, you will be responsible for developing and implementing communication strategies to promote GreenEarth's brand awareness, positive reputation, and commitment to environmental responsibility.
- You will be asked five questions related to the role, and you should respond in a clear, professional manner, demonstrating your speaking skills.

Instructions

2- Once you have read it, you and your partner will participate in a practice interview for the role of Public Relations Specialist at Green Earth Inc., a leading manufacturer of eco-friendly cleaning products.

- You and your partner will take turns acting as the interviewer and the interviewee. The interviewee will answer each question, while the interviewer will listen and provide feedback.
- For each question, the interviewee will have to record an audio response.
- Think critically about each option, formulate your answers carefully but try to answer within a reasonable time frame.
- Make sure your answers contain no grammatical errors and are clearly articulated.
- Do not forget to use clear and concise language with a professional tone in all your answers. Stay on topic and provide relevant examples wherever possible.
