

WRITING I

COMPARING TWO PRODUCTS

I. Layout (headings)

Read this report and Write the headings in the right place:

Camera

Price

Colour

Design

Weight

Conclusion and Recommendation

Introduction

1. -----

At the request of Soliman Ahmed the manager of purchasing department in Gulf Air, this report compares two top-of-the range smart phones and recommend one of the models to be purchased by the company

2. -----

There is a significant price gap between the two smart phones. Samsung galaxy note 8 costs US \$830. It is much cheaper than the iPhone x which costs US \$1130!

3. -----

The Samsung galaxy note 8 weights about 195g and the iPhone x weights about 176g but that's because they are different in size, as the Samsung galaxy note 8 size is 6.3 inches while the iPhone x size is 5.8 inches.

4. -----

Both of the smart phones are similar in design. Their build is: front / back glass (gorilla glass 5), aluminum frame and curved edges

5. -----

The Samsung galaxy note 8 has more colors than the iPhone x which are (midnight black, Marple gold, orchid grey, deep sea blue, star pink), where the iPhone x has only two colors which are (space grey, silver)

6. -----

The Samsung galaxy note 8 has a dual primary camera and a secondary one. the dual primary camera has 12mp, auto focus, optical zoom, LED flash while the secondary camera has 8mp and so is the iPhone x

7. -----

Gulf air should purchase the Samsung galaxy note 8. it is a good value for money. Moreover, it makes a perfect smart phone in terms of price and specifications.
