2. Choose the correct option.

Year 11 is a very important school year for students in England and Wales. This is the year when they take important exams called GCSEs, and their results will help them (1) **make decisions** / **make a mistake** about their futures. Suddenly, it's more important than ever to (2) **do nothing** / **do homework** , and also to (**3) do you good** / **do your best .** Not surprisingly, a lot of students find this year incredibly difficult. They worry that they won't **(4) make decisions** / **make progress** during the year, and they are scared that they will **(5) make a mistake** / **make progress** in their exams.

However, students shouldn't spend all their time studying. They should enjoy their free time, too, because it can really **(6) do homework** / **do them good** . This doesn't mean that students should simply lie on their beds and **(7) do nothing** / **do their best** . Taking up a sport or other hobby can **(8) make a difference** / **make mistakes** because it reduces levels of stress.

Is this year an important year for you? Remember to **(9) make a mistake** / **make plans** for your free time as well as for your studies!
