#### **Dobble, my favourite game**

**One of my favourite games is *Dobble*, also called *Spot it*. I like it because** everybody in the family can participate and it's so much fun. **You can play it** at home, in the park... everywhere. **Let me tell you about it.**

**First, you need** to buy or borrow the game. It's a small box with 55 round cards. The cards have 8 pictures on it. These pictures have the same shape and colour. The size is sometimes different. One picture is repeated on other cards.

**Then, you need to learn the rules.** They are simple. One card is put face up on the table. The rest of the cards are divided among the players. Players need to look at their cards and find the repeated image. If they find it, they put their card on the table. The winner is the person who has no cards left.

**This game is great because** you need to pay attention and move fast. It's great fun.
