تعليم حكومي مبتكر وريادي يمثل نموذج يحتذى به عالميا

To become an innovative leader of public education and a role model for the world.

T. Shaikha Al Ali

Part 2 – B - Read the text, answer the questions, use the words in the box to help you:-

nests	habitats	colors
fly	feathers	raise

Birds are animals with feathers and wings. They can fly, sing, and come in many sizes and colors. Birds build nests to lay their eggs and raise their chicks. They are found all over the world, in many different habitats.

1. Birds are animals with _____ and wings.
2. Birds build _____ to lay their eggs and raise their chicks.
3. They can fly, sing, and come in many _____ and sizes.
4. Birds are found all over the world, in different _____.

Part 2 – C - Read the text , choose the correct answer & write the missing word:-

Nocturnal animals

1. Nocturnal animals are active at night and sleep during the day. They have special features like excellent night vision and a strong sense of hearing or smell. These adaptations help them find food and stay safe in the dark.

2. These animals include owls, bats, and raccoons. Owls hunt small animals at night using their sharp eyesight. Bats use echolocation to catch insects, and raccoons search for food in garbage cans or near rivers. These animals are well adapted to life in the dark.

❖ **Paragraph 1 is about _____**

- A. how animals sleep? B. weather C. how animals work at night

❖ **Paragraph 2 is about _____**

- A. hunting food B. pet animals C. sky at night

❖ **Both texts describe _____**

- A. plants B. clothes C. animals

❖ **You can use this text to make a poster about _____**

- A. sport day B. special animals C. barbecue party
