3 **Complete the text with the noun form of the verbs given.**

SEEN AND GONE!

The **(a)** ..... (create) of the world's first smart glasses, 'Google Glass', was big news. They thought it could capture the world's **(b)** ..... (imagine). There was a large advert in *Vogue* magazine and the **(c)** ..... (demonstrate) video showed skydivers filming their jump from the glasses. However, the **(d)** ..... (introduce) of Google Glass in 2012 didn't result in the sales they were expecting – so what went wrong? Some people think they were too expensive at $1,500. The other problem the **(e)** ..... (organise) had was that some places banned the glasses as they were worried about people's privacy. Eventually, in 2015 Google made the **(f)** ..... (decide) to stop selling Google Glass.
