HALAMAN RUMAH

The image displays four overlapping web browser window templates, each with a green title bar and three small circles in the top right corner. The windows are arranged vertically, with each subsequent window slightly offset to the right and down. Each window contains two main rectangular areas: a white area on the left and a yellow area on the right. Decorative elements include a pink butterfly and a yellow bee on the left margin of the first window, a lightbulb icon in the top right of the first window, a lightbulb icon in the top left of the second window, a lightbulb icon in the top right of the third window, and a lightbulb icon in the top left of the fourth window. A white mouse cursor arrow points to the bottom right corner of the white area in the first window, the bottom right corner of the white area in the second window, the bottom right corner of the white area in the third window, and the bottom right corner of the white area in the fourth window. A yellow zigzag line is positioned below the yellow area of the first window, and another yellow zigzag line is positioned below the yellow area of the second window.
