Resolutions, and how to keep them!

You can make a resolution to change something in your life whenever you want. But when you make it, it's important to be realistic. Think about how long it ⁽¹⁾ **will be taking** / **will take** to make the change. Think about how you ⁽²⁾ **are going to feel** / **will feel** during this time.

Make careful plans to keep your resolution: decide which changes you ⁽³⁾ **are going to make** **will make** in your life.

Now imagine that you have achieved your resolution. In a few months from now, how ⁽⁴⁾ **are you going to feel** / **will you be feeling**? At that point in time, what ⁽⁵⁾ **will you be doing** / **will you do** differently?

Above all remember that no one is perfect. Just do your best, and ⁽⁶⁾ **you'll be** / **you'll be being** fine!
