F. Topic

Sport is a planned and structured form of physical activity that involves repetitive body movements and is intended to improve physical fitness. Sport aims to maintain or improve physical abilities and skills while providing a relaxing effect on the body.

Name:

Badminton

Badminton is included in small ball playing. It's almost the same with Tennis, players hit ball with racket in order to pass net and fall in enemy's area.

Badminton use shuttlecock (made of goose feather) and smaller racket than Tennis. It played by single (man or woman) and double (men, women, or mix) player. The winner is who can reach 21 points first.

Badminton is indoor sport. The arena is rectangle with 13,41 m length and 6,10 m width. There are lines with bold 40 mm in the arena. There is a net in the middle of the arena with 1,55 m high.

There are many International tournament of Badminton. The open tournament are challenge, grand prix, grand prix gold, super series, premier super series, world champion, and Olympic. And the group tournament are Thomas Cup, Uber Cup, Sudirman Cup, and Suhandinata Cup.
