negative predictions				positive predictions													

Hi! My name is Joshua. I am 6 years old. I want to show you some photos of my family members.

In this photo, you can see my grandfather, George. My mother took this photo last Saturday when we were on camping trips. My grandfather is sixty-five years old. He doesn't like living in the city. For him, city life means crowded streets, heavy traffic, air pollution and rude people. He loves animals and nature. His favourite free time activities are fishing and hiking.

His dream is to have a big farm house in Cornville. He wants to grow fruit and vegetables in his own garden.

This is my father, Simon. He is 40 years old. He is very smart and hardworking. He works for an international company for five years, but he is not happy. He doesn't have enough time to spend with his family and friends. He always misses my birthday parties.

What about me? Actually, this is my first year at school. I am not sure about my future career. I like school; I make new friends there and I love spending time with them. My favourite class is physical education. I am really good at football. I guess I will be a professional football player one day and become the world's most famous. I think I will earn millions of dollars and everyone in my country will be proud of me.

E. Read and choose the best title for the text.

- A) Excellent camping holiday
- B) Living in the city
- C) Our dreams about life

F. Read and write T (TRUE) or F (FALSE).

- | | |
|---|--|
| ☐ 1. Joshua and his family went camping last weekend. | ☐ 4. Simon has an international company. |
| ☐ 2. George prefers living in the city to living in the country. | ☐ 5. Joshua doesn't usually celebrate his birthday with his father. |
| ☐ 3. George doesn't like hiking in nature. | ☐ 6. Joshua dreams about being a football star in the future. |

G. Which one do you think will be George's future house?

A)

B)

C)
