(44-50). Read the passage below carefully and choose the correct answer a, b, c or d.

As technology advances, homeowners will benefit and enjoy many features that future homes offer. Each future home will be its own power generation station by applying thin film of solar technology over the entire house.

Future homes will take advantage of future home robots. Robots will do most household chores such as cleaning and organizing. Want to check the temperature of your refrigerator, turn on the oven, or start the laundry? Well, there will be an app for that. Smartphone apps will interact with your future home robots and tell them to put food in the oven, do the laundry, feed your pet, and clean the bathroom. From your smart phone you'll be able

LIVEWORKSHEETS

to check the supplies in your refrigerator or pantry and order more directly from the grocery store or supermarket.

Future home security will be of the utmost importance. Cameras outside the home will integrate with systems inside using facial recognition software to determine friend from foe. This system will be automated so that police can be dispatched when a foe is detected outside your future home.

44. Homes of the future will be able to generate all their own electricity.

45. All household chores will be carried out by robots in the future.

46. You will be able to check what's missing in your refrigerator from a smartphone.

47. There will be smart apps created to help home robots do their tasks.

48. Outdoor facial recognition security cameras will be used to protect your home.
