My favourite room

Hi my name's Hannah. My favourite room is in my aunt's house. My parents' house is big and modern but my aunt's house is old and very small! I love the bedroom I sleep in at her house. It's not very big but it's got a lot of books on bookshelves. It's got a small bed, a bedside table and a mirror. It hasn't got a wardrobe or a chest of drawers, but there's a blue carpet and green curtains and there are pictures on the walls. From the bedroom window you can see a nice garden. My aunt's house is like a house in an old story! I love it.
