

Name: _____ Date: _____ Period: _____

Science Final Exam

1.) The green part of this brain represents...

- a. The Occipital lobe
- b. The Temporal lobe
- c. The Parietal lobe

2.) What color is the Frontal Lobe on this brain?

- a. Blue
- b. Green
- c. Orange

3.) The Frontal lobe is responsible for...

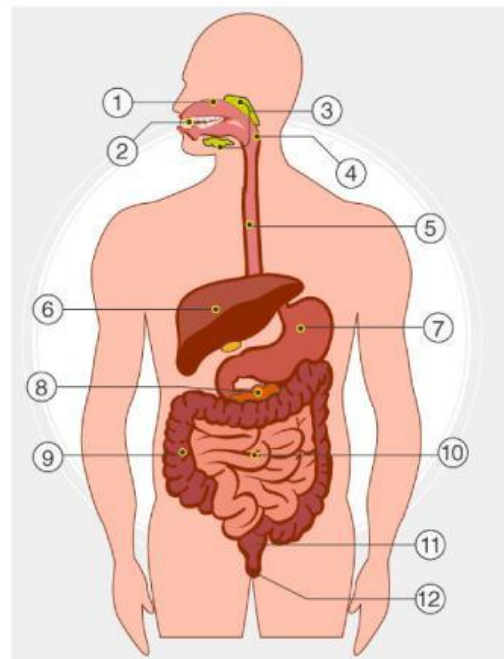

- a. Running and balancing
- b. Thinking and planning
- c. Heartbeat and breathing

4.) Number 6 represents the...

- a. Pancreas
- b. Liver
- c. Stomach

5.) Number 12 represents the...

- a. Liver
- b. Stomach
- c. Anus

Name: _____ Date: _____ Period: _____

6.) Number 5 represents the...

- a. Esophagus
- b. Kidney
- c. Liver

7.) Number 10 represents the...

- a. Liver
- b. Small intestine
- c. Mouth

8.) Your nervous system is made up of...

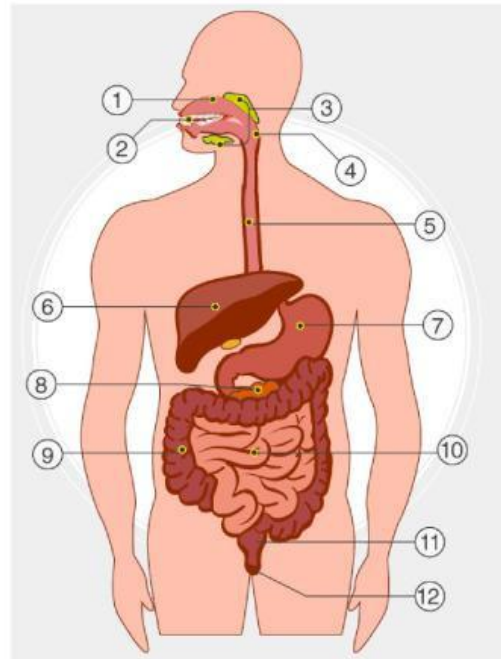

- a. Peripheral Nervous System
- b. Central Nervous System
- c. All of the above

9.) The brain stem is part of the nervous system.

- a. True
- b. False

10.) Nervous system messages travel by...

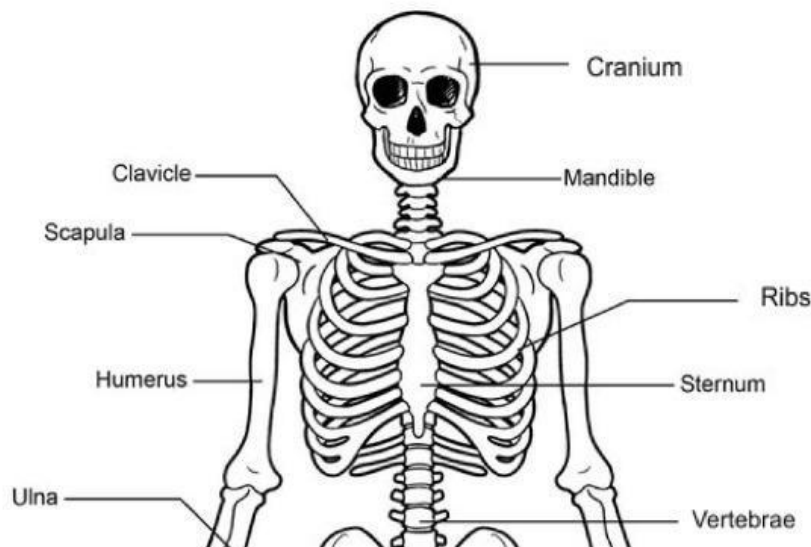

- a. Email messages
- b. Electric Impulses
- c. Text messages

Name: _____ Date: _____ Period: _____

11.) What composes the Central Nervous System?

- a. Feet and hands
- b. Ions and Axons
- c. The brain and spinal cord

12.) Which bones protect our heart and liver?

- a. Ribs
- b. Cranium
- c. Femur

13.) What is another name for the skull bone?

- a. Clavicle
- b. Cranium
- c. Patella

Name: _____ Date: _____ Period: _____

14.) What are the bones in our back called?

- a. Vertebrae
- b. Scapulas
- c. Fibulas

15.) The mandible is the...

- a. Hand bone
- b. Butt bone
- c. Jaw bone

16.) What are the names of the finger bones?

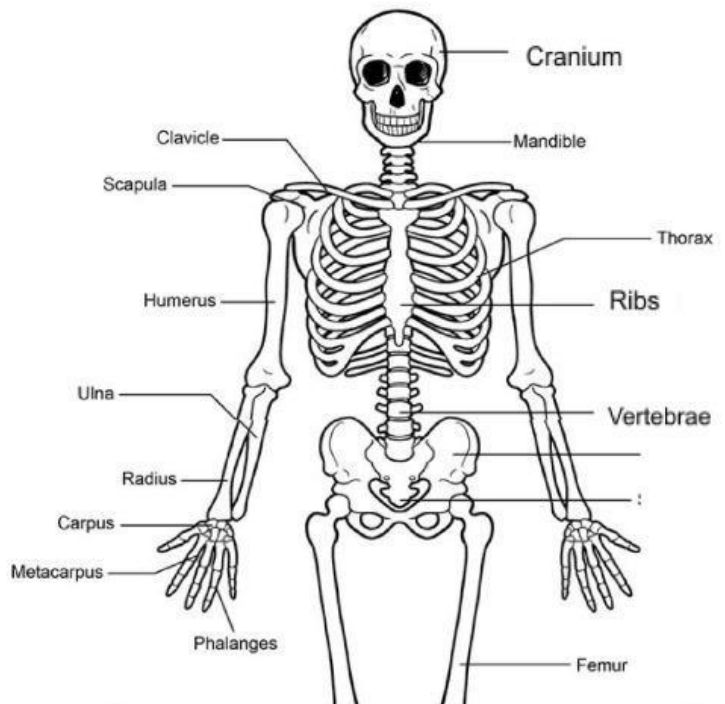

- a. Tibia
- b. Vertebrae
- c. Phalanges

14.) True or false? You make a conclusion before you observe.

- a. True
- b. False

15.) What is the first step of the Scientific Method?

- a. Ask a question
- b. Analyze results
- c. Make an observation

Name: _____ Date: _____ Period: _____

16.) In science, a theory is...

- a. A guess
- b. A proven idea using evidence
- c. A test

17.) What is bias?

- a. When something is in Spanish
- b. When something is unfair
- c. When something is funny

18.) What are the cells in your brain called?

- a. Ion
- b. Axon
- c. Neuron

19.) Your nervous system is made up of...

- a. The Central Nervous system
- b. The Peripheral Nervous System
- c. All of the above

20.) Which of the following is not a real part of the brain?

- a. The Parietal Lobe
- b. The Rodriguez Lobe
- c. The Temporal Lobe
