2. Read the information about Alex's favorite possessions and answer the questions.

Hi! My name is Alex. I am 13 years old and I want to share my favorite things with you.

First, I love my smartphone. It is very important to me. With my smartphone, I can talk to my friends, play games, and listen to music. I also use it to take pictures and make videos.

Second, I have a skateboard. My skateboard is blue and cool. I ride my skateboard after school and at the weekends. It is fun and helps me relax. Sometimes, I go to the skate park with my friends.

Third, I really like my headphones. They are black and very comfortable. I use my headphones to listen to my favorite songs. Music makes me feel happy and energetic. I also use them when I watch videos on my smartphone.

Finally, I really like my journal. It has a purple cover with flowers on it. I write in my journal every day. I write about my day, my dreams, and my feelings. Writing helps me think and relax.

These are my favorite possessions. They are special to me because they make my life more enjoyable. What are your favorite things?
