

GWYNETH PALTROW- HARVEY

- He had one instance in a hotel room where he tried to, where he made a pass at me, and then I really kind of stood up to him. I told my _____ at the time...
- Brad Pitt
- Brad Pitt, who...
- By the way, I love him for this.
- I love him for this too.
- You told him "hey, Harvey just did _____ really weird, and Harvey's moves are weird"
- It was weird.
- Yeah. He is the guy who is your... he's like a dad to you.
- Yeah, I was shocked.
- When you told Brat, Brat says "fuck this guy, I'm gonna over and confront him"
- So what happened was, I told him _____ and I was very shaking by the whole thing, and I had two movies I signed up to do two movies with him.
- Were you afraid that the movies would be _____? Or it would be...
- I was afraid!
- Yes, sure, 'cause this was a good thing.
- And Brad Pitt, we were at the opening of Hamlet on Broadway that Ray Fiennes was in Hamlet and Harvey was there, and Brad Pitt. It was like the equivalent of throwing him against the _____, you know, energetically it was like...
- Were you afraid, though? I mean, great guy Brad Pitt for doing that but at the same point too, it's your story, it's your _____ with Harvey, as most guys do; they take action. When you come home and say "Harvey just did a weird thing to me" "I am gonna do something", maybe you weren't looking for that, like he took it upon himself to confront Harvey.

- I ... it was so fantastic because what he did was, he leveraged his fame and power to protect me at the times when I didn't have _____ or power yet.
- Right, wow, it moves you.
- Yeah, it was fantastic.
- Good for him.
- Yeah, he's a good person.
- You must have just... you know I guess part of me was like who's Brad Pitt to take up your cause, you didn't tell him to do that, but at the _____ ... it was very heroic.
- And Harvey was never _____ with me again.
- Wow! I just like Brad Pitt sticking up for you.
- He's the best.
- Wonder what he said, did he ever tell you what he said to Harvey?
- Yeah, because he came back and told me exactly what he said.
- And he said "fuck you, you ever lay a hand on my girlfriend, I'm gonna kill you"
- He said "if you ever make her feel _____ again, I'll kill you or something like that.
- That's awesome.
- Yeah.
