Hi Brad,

Sorry I haven't written for ages, but I've been really busy because we've just moved to our new house in Pacific Heights. Last week, we had to put everything into boxes and say goodbye to our old house in Oakland.

The new place is a ¹ _____ house, so we've got neighbours on both sides. It's got three bedrooms. It's a little smaller than our old place, but it isn't ² _____, and it's got a nice garden with a green ³ _____ and flower beds. You can walk through ⁴ _____ to get to the garden from the living room. We also have a small glass conservatory with a few chairs and a ⁵ _____ table in it, so we can sit in there when it's raining. A big two-metre tall hedge goes all around the garden, so it's very private, too.

My room is quite small, but it's nice too. There are some shelves to put my novels on, and a bedside table with a lamp on it. The best thing about my bedroom is the spectacular ⁶ _____ – from my bedroom window, you can see all the way to the Pacific!

Bye for now!

Reading

9 Read the texts and match them with statements 1–5. There is one text which matches two statements.

A *Girl On the Move*, by Sally Coldwell

Girl On the Move is an emotional novel about the life of Destiny Jones. Destiny and her parents live in a mobile home, and they move around the country, looking for work. But many people don't want 'travellers' to move into their village or onto their farm. One day, Destiny meets a boy, and for the first time, she begins to question her life on the road. What would it be like if she could stay in one place? Soon, Destiny begins to dream of a better, more ordinary life. But her parents and a local farmer have different ideas.

B *Home Maker: All the Secrets*, by Fiona and Scott Bradley

Following the highly-successful TV series *Home Maker*, husband and wife team Fiona and Scott Bradley have found time to produce a great book. Just like the TV series, the book is full of useful, easy-to-follow ideas, and simple building projects. Learn how to repair and decorate old furniture, how to change your garage into the brightest, most comfortable room in your house and many more great ideas. So if you would like a home to be proud of, this is the book for you.

C *The History of your Home*, by Michael Fossepath

The History of your Home is full of interesting – and sometimes crazy – facts about houses in Britain. Did you know that a thousand years ago, most houses in Britain had only one room? People cooked, ate and slept in it. There was no privacy at all, and no bathroom either. If you wanted to wash, you went to a bath house in the city – or jumped in the local river! Fossepath's amusing book also looks at how houses have changed the English language. For example, we say 'full board' to talk about a hotel room with meals because the earliest dining tables were actually 'boards' – pieces of wood to put on your knees.

D *The House of Broken Lives*, by Tamara Vale

When Josh and Katie Alder see a beautiful house for sale in Pacific Grove, they buy it immediately. It might be a little dilapidated, but it would look much better if they painted it and tidied the garden. And after all, it's a big house with a great view, at a very good price. But soon after buying the house, they learn the shocking truth about what happened there one hot August night in 1992. They also begin to hear strange sounds upstairs. Someone – or something – is living in their house. And it wishes they would leave.

In this book, you can read about

- 1 a terrible secret from the past.
- 2 a change in someone's life.
- 3 where English people went to bath.
- 4 ways to reuse old things.
- 5 what homes were like in the past.
