Tally Marks

1. - **Tally marks** are a way to count and keep track of numbers using simple lines.
 - Each tally mark is represented by a single vertical line (|).

2. - **Counting with Tally Marks:**
 - Start with numbers 1 to 4:
 - **1** is represented as: |
 - **2** is represented as: ||
 - **3** is represented as: |||
 - **4** is represented as: ||||
 - The **fifth** mark is drawn **diagonally across** the first four lines:
 - **5** is represented as: 

Count the **tally marks** and write the number.

1. $\text{||||} \text{||} = \underline{\hspace{2cm}}$

2. $\text{||||} \text{||||} = \underline{\hspace{2cm}}$

3. $\text{||||} \text{||||} \text{||} = \underline{\hspace{2cm}}$

4. $\text{||||} \text{||||} \text{||||} = \underline{\hspace{2cm}}$

5. $\text{||||} \text{||||} \text{||||} \text{||} = \underline{\hspace{2cm}}$

6. $\text{||||} \text{||||} \text{||||} \text{||||} = \underline{\hspace{2cm}}$

7. $\text{||||} = \underline{\hspace{2cm}}$

8. $\text{||||} \text{||||} = \underline{\hspace{2cm}}$
