The most famous cat in town

I = Interviewer

KC = Mr Ko Chee-shing

I : Today I'm talking to Ko Chee-shing in his convenience store in Tsim Sha Tsui East. Hello, Mr Ko. 

KC : Hi!

I : You have a famous cat, is that right?

KC : Yes, my cat is Brother Cream. Everybody in Hong Kong knows him. He's fat and very cuddly. He likes sitting in my shop and doing nothing. He likes sitting in small boxes best.

I : Why is he famous? 

KC : Lots of people know him because he is in some adverts on television. People like him because he is friendly. 

I : Do people visit him in your shop?

KC : Yes, people like to see Brother Cream. They take photographs.

I : Can people touch Brother Cream?

KC : No, I have a sign in the shop. It says 'You can look but do not touch'.

I : What does Brother Cream eat?

KC : He likes fish best. 

I : Is it time for him to eat now?

Cream: Miaow! Miaow!

I : I think that means 'yes'. Cream is a very clever cat!
