

Escribe el numero del nombre de las partes de la ventana de Google Sites

The screenshot shows the Google Sites editor. At the top, there's a toolbar with icons for file operations and a 'Publicar' (Publish) button. Below the toolbar is a header bar with the text 'Sitio sin título' and a note 'Se guardaron todos los cambios en Drive'. The main content area features a title card with a wooden background image. The title 'Título de tu página' is centered on the card. To the right of the title card is a sidebar with several sections: 'Insertar' (Insert), 'Páginas' (Pages), and 'Temas' (Themes). Below these are three preview boxes: 'Aristóteles' (highlighted in blue), 'Diplomático', and 'Vision'. Under 'Aristóteles', there's a 'Estilo de fuente' (Font style) section with a color palette and a 'Nivelado' (Level) button. At the bottom of the sidebar, there are links for 'Activar Windows', 'IMPRESIÓN' (Print), and 'Vea la Configuración' (See settings). The bottom right corner of the sidebar has the text 'LIVEWORKSHEETS'.

1. Título de la página
2. Panel de herramientas
3. Banner de encabezado
4. Insertar objetos
5. Páginas del sitio
6. Cuerpo de la página o contenido

LIVEWORKSHEETS
