Hare Krishna. We're just finishing a 4-Hour Radha Yatra here at Polish Woodstock Poland Rock 2019. It's been an incredible experience. I think equal anything at the annual Jaganath Puri Radha Yatra in Puri because Radha Yatra is really meant for the people. Devotees they have the association of the Lord all the time when they go to the Temple and so forth. But it's Kali Yuga. As Kali Yuga advances people become less Pious, less spiritual. So the Lord wants us to come back home more than we want to come back home. So he's so kind that he leaves this Temple and he comes onto the the streets of now most major cities of the World by the mercy of our spiritual Master Shrila Prabhupad and international Society for Christian Consciousness. So no matter what happens in the world how downward it spirals, this Radha Yatra festivals there to give hope to the people. It's said in the Nectar of devotion that if someone, anyone is just sitting somewhere and he stands up to have the to to to as the Lord passes by in his Chariot that person is considered an as an eternal associate of Lord Vishnu. Whatever a devotee read that and he went to Prabhupada, he said Prabhupada it says in the .. says that that that if you stand up to receive the Lord's heart you become an eternal Associate of Vishnu. Prabhupada said: "Where is that said?" And the devotees said: "Nectar of devotion". Prabhupada said: "Oh yeah so it must be true".
