

VISITING THE CIRCUS

Read the text and write the missing words.

It (0) was my birthday last Saturday and I went (1) to the circus with my mum and dad. First we saw the elephants and then (2) there was a football game with ten dogs. I liked the clowns more (3) than anything else, and I laughed a lot. A woman also played with two tigers (4) and a lion. I was afraid because it looked very dangerous. At the end, five horses danced to some music, which was very good. I (5) would like to go to the circus again next year!

Love from Sally.
