Why don't you take ..... little piece of my heart?

Why don't you take it and ..... it and tear it all apart?

All I do is ..... and all you do is take

Baby, why don't ya gimme a brand ..... start?

So let me live

Let me live (leave me alone)

And make a brand .....start

Why don't you take ..... little piece of my soul?

Why don't you shape it and..... it, 'til you're really in control?

All you do is ..... and all I do is give

All that I'm askin' is a ..... to live

But you can always .....on me

And if you're ever in trouble

Hey, you ..... where I will be

Why don't you take ..... little piece of my life?

Why don't you twist it and ..... it and cut it like a knife?

All you do is live, all I do is.....

Why can't we just be ....., stop livin' a lie?
