How to be a **Hipster**

Today, hipsters can be seen more frequently than ever before. They are part of a subculture that rejects everything mainstream in favour of expressing their own uniqueness. If this sort of thing appeals to you, you might like to consider becoming a hipster yourself. Read on to find out more.

**1 Dress like a hipster**

Hipsters would never wear designer clothes because they prefer to create their own image. Indispensable items in a hipster's wardrobe include skinny jeans or leggings and T-shirts with ironic messages printed on them. Check and flower patterns are also popular, and it doesn't matter if the garments don't match. They wear cowboy boots or Converse trainers on their feet, and as far as accessories are concerned, they wear sunglasses, bright belts and they generally have a couple of piercings.

**2 Shopping**

Consumerism is something that hipsters can't stand, so they don't go shopping very often. Instead they prefer to make use of old things, and they love vintage clothing. Female hipsters raid their grandmothers' cupboards looking for old dresses, while the men go in search of Grandad's old shirts – the ones without a collar. Of course, the clothes generally need to be altered to make them fit, but a hipster is a genius with a needle and thread, so this isn't a problem. The only shops a hipster will enter are charity shops, craft shops, or their local vintage boutique.

**3 Lifestyle**

Hipsters tend to be very bothered and upset about the way the world works – or doesn't work, in their view. They are usually well-informed because they spend hours every day sitting in cafés surfing the internet on their smartphones or tablets – the only exceptions to their aversion to consumerism. Hipsters are usually quite young – the age ranges from late teens to mid-30s. Most go to university, and many of them base their career choices around music, art, or fashion.

**4 Entertainment**

Hipsters love all things independent and Indie music is a big part of what they represent. They are always the first to hear about new bands, but once a band becomes popular, they stop listening to them. A typical hipster line is: 'I liked them before they were cool.' When it comes to cinema, they watch independent and foreign films, and they attend independent productions at the theatre. Hipsters also love reading, especially books about political science, anthropology and sociology.

**5 Food**

Eating meat isn't popular with hipsters, and most of them tend to be vegetarians or vegans. Many grow their own food in their gardens or on a balcony; if not, they go to natural food markets instead. Fruit, coffee and Asian food are very popular with hipsters, and they love making meals for their foodie friends.

**So if you want to be a hipster, forget everything you know about being 'cool' and find your own unique way to fit in with this trend.**
