

# Reading - New Home

The people below all want to move to a new home. Below there are descriptions of eight different homes. Decide which home (letters A-H) would be most suitable for each of the following people. Write the letter next to the names.

Chris and Sarah want to rent a flat as soon as possible. They would prefer a quiet part of town with views over gardens and water.

Graham and Suzie have four children. They want to buy a house in the countryside which is big enough for each child to have their own room. The children enjoy playing outdoors.

James and Miranda have always lived in town, but as their two teenage daughters love riding they now want to buy a house in the country. They need enough space to have two horses.

George would like to rent a small home near the centre of town with somewhere safe to keep his car. He has only a little time to do the gardening.

Mary is a lawyer who works mainly in London. She is hoping to buy a home in the country where she can work sometimes. She needs to be able to catch a train to London easily.
