Name: _____ Grade: _____

Read the text about Marco and his treasure.

"Treasure in the Garden"

Marco is fifteen years old. He lives in an old house which is near a palace in Northern Ireland. Last Saturday the weather was warm and sunny and Marco was hanging out in his garden with his friend Nick when something amazing happened.

Nick was taking photos and Marco was digging when he found something: a golden ring. A few seconds later he found an old necklace, too. They were both very old and dirty and didn't look very interesting, but they were worth hundreds of dollars.

Marco took the treasure to Ms. Buffay, an expert who teaches History at Marco's school. She thinks that the ring and the necklace came from the palace which is near Marco's house. The palace was built in, approximately, 1450. The ring and the necklace were probably a queen's who lived a hundred years ago.

Did the queen want to put her treasure somewhere safe? Did a king from another **realm** want the ring and the necklace? Marco doesn't know. 'It's a mystery from history!' he says.
