

Can't stop the feeling

By Justin Timberlake

Complete the song:

I _____ inside my bones	Under the lights when
It goes electric, wavey when I turn it on	Nowhere to hide when I'm getting you
And if you want it, inside your soul	close
Just open up _____, let music take control	When _____ move, well, you
I got that sunshine in my pocket	So just imagine, just imagine, just
_____ in my feet	imagine
I feel that hot blood in my body _____, ooh	
I can't take _____ up off it, moving so phenomenally	
The room on lock _____ we rock it, so don't stop
