GRAMMAR EXERCISE

MATCH THE CONDITIONS WITH THE RESULTS

Match the "if clause" with the "main clause".

If I had followed the recipe correctly,

I could've started feeling better.

If I had taken the train instead of the bus,

I wouldn't have forgotten my umbrella.

If I had listened to my doctor's advice,

I wouldn't have been hungry during the trip.

If I had set an alarm,

I wouldn't have missed the flight.

If I had checked the weather

I wouldn't have burned the cake.

If I had brought snacks,

I wouldn't have overslept.
