

Back to love – Pauly D. ft Jay Sean

Can you feel it?
All that _____ in between us
I know you can feel it, I miss you just _____

Memories in the breeze, are they gone now?
Thought that I would be _____, but I'm wrong now
So _____ feelings,
I miss you just _____

We built it up, then let it all crash down
We had it all, but let it burn to the ground
But maybe we can turn _____ and get back
Cause right now were off track
I'm looking for a way back to _____
I need you now, Im feenin' for your touch
Come back to love

Can you see it?
Or did _____ thing we were turn into dust?
Do you believe it?
Can we _____ get back to us?
To us baby!

Memories in the breeze, are they gone now?
Thought that I would be _____, but I'm wrong now
So _____ feelings,
I miss you just _____

We built it up, and let it all crash down
We had it all, but let it burn to the ground
But maybe we can turn _____ and get back
Cause right now were off track
Im looking for a way back to _____
I need you now, Im feenin' for your touch
Come back to love
