

Summer Adventures

Sam and Lily are brother and sister. Every summer, they take a vacation with their family. This year, they go to the beach. They are very excited!

At the beach, Sam and Lily swim in the ocean. The water is cool, and they feel happy. After swimming, they play in the sand. They build a big sandcastle with towers and walls. The sun is shining, so they apply sunscreen, wear hats, and put on sunglasses to protect their eyes. They also wear flip-flops and shorts because the sand is hot. After some time, they feel hungry, so they have a picnic under a big umbrella. They eat sandwiches, fruit, and ice cream. The ice cream is cold and sweet, perfect for a hot day!

In the afternoon, Sam and Lily relax at the beach. They watch the waves and collect shells. Each shell is different, and they love finding the special ones. Later, their parents say, "Let's have a barbecue!" They cook hot dogs and burgers on the grill. The smell is so good! After dinner, they go for a walk and see the sunset. It is beautiful.

The next day, they go camping in the mountains. They travel to new places and go on an adventure. Sam and Lily pack a backpack with snacks, water, and a map. They wear hiking shoes and go hiking with their parents. The trail is long, but they enjoy the fresh air and the sound of birds.

At the campsite, they set up a tent. It is cozy inside. They wear their pajamas and sit by the campfire. They roast marshmallows and make s'mores. The marshmallows are soft and sticky, and the chocolate melts in their mouths. They laugh and tell stories until it's time to sleep.

The next morning, they wake up early. They go fishing by the lake and swim in the pool. The water is warm, and they have a lot of fun. Before they leave, they take one last walk to say goodbye to the beach and the mountains. Sam and Lily love their summer vacation. They enjoy every moment and can't wait to come back next year!

Mark the sentences True (T) or False (F)

- Sam and Lily swim in the ocean during their summer vacation.
