

Moth to a Flame

Swedish House Mafia ft. The Weekend

Like a -----

I'll pull you in, I'll pull you back to

It's just -----

And you'll leave him, -----

But this time -----

----- he's good for you

And ----- like you should

And all your friends say -----

But ----- you call me when he sleeps?

But does he know the -----?

But does he know the -----?

Or tell me, does he know -----?

Yeah

You should be with him, -----

'Cause he seems like -----

And he makes you feel -----

And ----- he's the one

His love for you is true (hey)

But does he know -----? (No, no)

----- pictures that you keep? (Oh)

But does he know -----?

-----, does he know where your heart lies?

Where it truly lies

-----, babe

Where it truly lies

-----, babe

Where it truly lies

-----, babe

Where it truly lies

(Oh-oh-oh)

Where it truly lies

Where it truly lies

(Hey)

Where it truly lies
